

4th January 2010

Dear parent/carer

Y9 annual assessments

All Y9 subjects will be having major assessments in the week Mon 11 – Fri 15 Jan. For most subjects these will happen during timetable lessons. However, English, Maths and Science will hold their exams in the Halls. Attendance and appropriate preparation are essential for these exams. Subject teachers will give students guidance on how to prepare for each exam.

English Reading	Tue 12 Jan, P4&5
Maths	Wed 13 Jan, P2
English Writing	Wed 13 Jan P3&4
Science	Fri 15 Jan, P1

It is most important that students prepare appropriately for these exams as performance in them will give a good indication of suitability for option choices that will be made later this term.

Yours faithfully

Mr SJ Clark
Deputy Headteacher, Curriculum
