

Photo Tour

Transition 2020

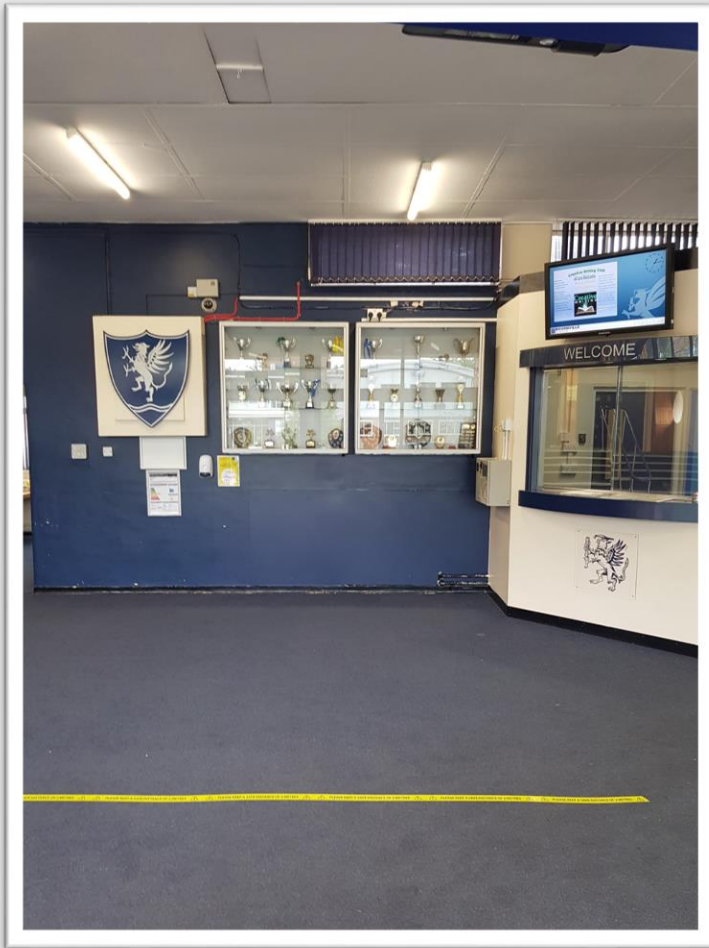

Getting around school

Getting to know a new school can be difficult. There are plenty of signs around school to help you find your way around.

The main building is **Elgar** and there are three staircases in the building. Each staircase leads to different subject areas. You can see from the picture on the right which staircase you need to follow in order to get to different classrooms.

Elgar Foyer

When you enter the **Elgar** building from the main entrance, the area you walk into is called Elgar Foyer.

On the photo you will see the student reception area. If you imagine standing on the yellow line, walking to the left would take you to the hall and the PE Dept. Looking right will take you down the staircase to the English Dept and the Sun Corridor.

Elgar Hall

Elgar Hall is a multi-purpose space which we use mainly as a Drama room. The large stage makes the space a fantastic venue for school shows and concerts. We also teach some PE lessons in the hall.

As well as a teaching space, we use Elgar Hall for our assemblies, reward evenings and parents' evenings.

Music

E14 is the school's music room. The classroom is equipped with 24 work stations which include a computer, a keyboard and 2 sets of headphones.

The Music Dept are also resources with percussion instruments, guitars and wind instruments.

Art & Design Technology

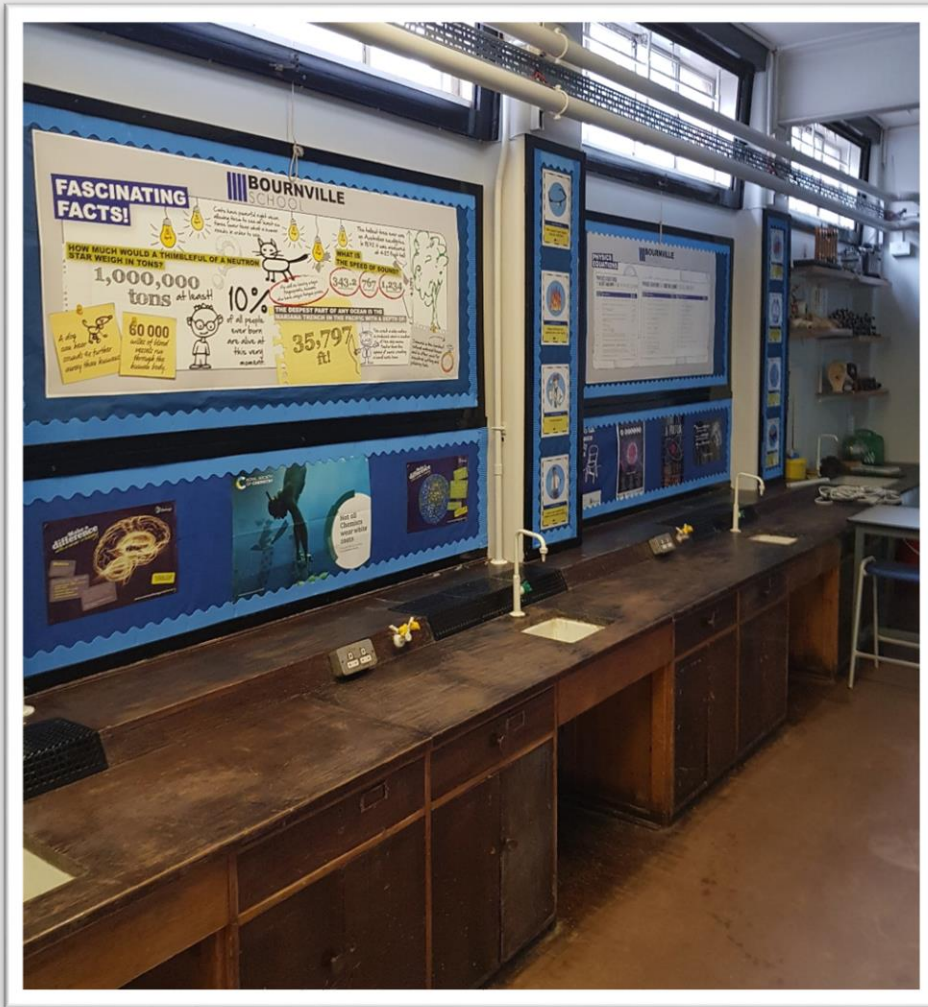

The Workshop

The Art & Design Department are outside of the Elgar building. The Art room is being refurbished for September 2020 which we are incredibly excited about.

We also have a Food Technology room in Elgar building and this is being refurbished with new cookers for September.

Science

The room on the left is an example of a Science room at Bournville. We will be having two brand new laboratories installed over the summer which will be ready for September.
