

Friday 5th September 2019

Dear Parent/Carer

Text Messaging Service

We currently send out messages via text to inform you of important information or events that happen during the school year.

From Monday 30th September 2019 we will no longer be using the text messaging service to send information out to you, but will instead use My Ed which is a free service to both parents and school. This can be downloaded as a free app to mobile devices.

Please see the attached leaflet for information on how to download the My Ed app.

If you need any support with this, please contact the Admin office.

Yours faithfully

Mrs J Cottle
Head of Academy
