

Geography Overview

Year Group	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
R	In the Early Years we do not follow a topic based approach but rather follow the children's interests in order to support how and what they learn. Following interests engage children in their learning. In 2018-2019 we have had some wonderful interests e.g. dinosaurs, sea creatures, baking etc. These interests have been a driving force in supporting all areas of learning.					
Year 1	Wonderful Me! <i>Where are my roots?</i>		How does your garden grow? <i>How does our food get onto our plates?</i>	Once upon a time... <i>What's behind the door?</i>		
Year 2	My World and Me! <i>What is at the ends of the Earth?</i>			Let's go to the Arctic! <i>Why are polar bears white?</i>		From A to B. <i>How can we find our way from Manor Farm Park, Bournville to Weston Supermare and then on to Eagle's Nest Christian Primary School, Wallacene, Kraaifontein, Western Cape, South Africa?</i>
Year 3			Here and now: There and then. <i>Why is Birmingham the best city in the world? (UK)</i>			
Year 4			Water World. <i>Why does it always rain on me? (The Amazon Basin)</i>			
Year 5			Active Planet... <i>Why do people live near volcanoes and earthquakes? (Iceland)</i>			
Year 6			Blue Planet. <i>Can we learn lessons from nature?(UK/North America)</i>
