Contact Details

We will continue to be in touch with you via email and/or text message to keep you updated with any important information. It is crucial that we have up to date contact details so if there have been any changes to these, please let school know by email- post@bournville.fmat.co.uk

School Start Time!

Thank you to everyone who ensures that your child / children are in school between 8.30 and 8.40. School starts at 8.40. We aim to open the gates at 8.30 so that the children can come straight to class to read and start the day off focused and calm. We are still getting pupils being brought in at 8.50 on a regular basis. It takes longer to settle these children and they miss the vital part of the morning.

School Dinner Money

All outstanding debts must be paid to avoid them being sent to a debt collection agency!

Please ensure that your child's account is in credit. If you have to pay for your child's meals and their account is in debt, you will be contacted and asked to provide a packed lunch.

Please bear with us as we change the way we are asking you to select your child's meals. We are working with our meals provider to streamline this so that it is more effective.

COVID-19 Symptoms

What to do if your child develops symptoms of coronavirus (COVID-19) or tests positive for COVID-19

If your child develops symptoms of coronavirus (COVID-19), they should get a PCR test and remain at home at least until the result is known. If negative, the child can end self-isolation; if positive, the child should isolate until at least 10 days after their symptoms appeared. Symptoms of coronavirus (COVID-19) are a new, continuous cough, or a high temperature, or a loss of, or change in, their normal sense of taste or smell (anosmia). If the child has a positive test result but do not have symptoms, they should stay at home and self-isolate for 10 days from the date the positive test was taken. This isolation period will be extended if they go on to develop symptoms by counting 10 full days from the day following their symptom onset. Anyone with symptoms will be eligible for a PCR test (the normally available test type) and this can be arranged via Get a free PCR test to check if you have coronavirus (COVID19) - GOV.UK (www.gov.uk) or by calling 119.

Primary - In The Know!

MATTERS**

Illness and Absence

We are aware that the Autumn term is the season where we see a rise in general coughs and colds. However, parents and carers have been very sensible by accessing testing for those children who need it. We sincerely appreciate everyone's support in helping to keep our school community safe.

Please call as early as possible to report an absence on 0121 475 3881 option 1
