

Dainty Little Hands Weekly Newsletter!

This week we have also focused our activities on Road Safety Week! The children made some fantastic posters highlighting how to safely cross roads, and what dangers we could spot to keep us safe near roads. It was great to hear how knowledgeable the children were on road safety! We also spent time this week creating some brilliant sculptures from our junk modelling items in Club, like a tiger and a rocket! This was a lovely Creative and Object Play activity, and the children are always very imaginative when junk modelling! 😊

Hello everyone! This week our theme has been on Nursery Rhymes! We went through our favourite nursery rhymes as a group, and then asked the children to write their own to display in Club!

We were so impressed with their understanding of poetry and their use of rhyming words! This activity was a great Creative and Imaginative Play exercise, and the children enjoyed reading them out to us all as a group, which also encouraged Social Play! 😊
