

12<sup>th</sup> December 2022

Dear Parents and Carers

I am writing to inform you of a change in leadership at Bournville School which took effect from December 2022.

Mrs Moira Green has decided to leave Fairfax Multi-Academy Trust to pursue other career opportunities. The Trust would like to take this opportunity to thank Mrs Green for her considerable hard work and commitment to improve the lives of children within the Trust, which was also highlighted within the two most recent Ofsted inspections at Bournville School.

I would like to take this opportunity to wish Mrs Green well in her future roles.

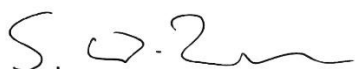

To ensure consistency, Ms Karen Cornell will continue as Head of Bournville Academy for the rest of this academic year; leading the whole school with the support of the wider school leadership team, until the process of recruiting a full-time, permanent Principal for the Academy concludes. Mrs Brinner will also continue to lead the Primary phase of the all-through school, working for Ms Cornell.

Ms Cornell is an experienced leader who has worked in a range of schools at senior leadership level. She had already been working at Bournville for two days a week since September and has more recently stepped up to full-time. She knows the students and the staff well and has been proactive in continuing the school improvement journey.

The continued improvement of Bournville remains a key priority for Ms Cornell, her team and the Multi-Academy Trust; we are all focused on building on the positive Ofsted report received in September 2022, in order to ensure that Bournville School delivers the highest possible standard of education for your children.

Many thanks for your continued positive engagement with the school and its staff.

Kind regards,

Simon Jones  
CEO  
Fairfax Multi Academy Trust
