

Subject: BTEC Health and Social Care

Homework: Weekly tasks are set with the purpose of improving the quality of coursework or retrieval practice in preparation for the U3 exam.

Year group	Term	Curriculum Focus
10	Autumn 1	C1: Human Lifespan Development: Students will study how people grow and develop over the course of their life, from infancy to adulthood, this includes PIES development and the different factors that may affect this.
10	Autumn 2	C1: Human Lifespan Development: An individual's development can be affected by major life events, such as marriage, parenthood or moving to a new house and you will learn about how people adapt to these changes, as well as the types and sources of support that can help them
10	Spring 1	PSA 1: Component 1 is assessed through an internal assessment during this term. This internal assessment has been designed to demonstrate application of the conceptual knowledge underpinning the sector through realistic tasks and activities.
10	Spring 2	PSA 1: Component 1 is assessed through an internal assessment during this term. This internal assessment has been designed to demonstrate application of the conceptual knowledge underpinning the sector through realistic tasks and activities.
10	Summer 1	C2: Health and Social Care Services and Values - Learners will explore health and social care services and how they meet the needs of service users. They will also study the skills, attributes and values required when giving care.
10	Summer 2	C2: Health and Social Care Services and Values - Learners will explore health and social care services and how they meet the needs of service users. They will also study the skills, attributes and values required when giving care.
11	Autumn 1	PSA 2: Component 2 is assessed through an internal assessment during this term. This internal assessment has been designed to demonstrate application of the conceptual knowledge underpinning the sector through realistic tasks and activities.
11	Autumn 2	PSA 2: Component 2 is assessed through an internal assessment during this term. This internal assessment has been designed to demonstrate application of the conceptual knowledge underpinning the sector through realistic tasks and activities.
11	Spring 1	Component 3: Health and Wellbeing requires learners to study the factors that affect health and wellbeing, learn about physiological and lifestyle indicators, and person-centred approaches to make recommendations and actions to improve health and wellbeing

Year group	Term	Curriculum Focus
