Re: Y10 Work Experience

Dear Parents and Carers,

We are delighted to congratulate those students who have successfully secured a work experience placement. This is a valuable opportunity for them to develop workplace skills, gain insight into potential career pathways, and build confidence in a professional environment. In preparation for the week, we have met with all students attending work experience to reinforce the importance of excellent attendance, punctuality, and maintaining the highest standards of professionalism. As representatives of our school, we are confident they will make a positive impression and demonstrate the values we encourage every day.

For those students who are without a work placement next week attendance in school is mandatory but will be equally valuable. Following the recent mock examinations, they will take part in a bespoke programme of intervention sessions designed to address individual areas for development, strengthen subject knowledge, and help them make excellent progress towards their final examinations.

The intervention programme has been carefully planned to maximise students' progress, and every session is important. We therefore expect full attendance throughout the week. Any absence will be followed up promptly and attendance will be monitored closely to ensure that students do not miss these valuable opportunities.

On Tuesday 7th July, students attending school should come dressed in their full PE kit. Some students will be supporting with Sports Day, while others will continue participating in their planned programme of study and intervention activities.

We are proud of the commitment shown by all of our students and look forward to seeing them make the most of these opportunities.

Thank you, as always, for your continued support.

Yours sincerely,

Mrs R. Field (Careers Lead)
